Seafloor surveying completed in September 2021 identified 3.12 acres of continuous waste coverage at the facility site, which exceeds the 1.0 acres of waste coverage authorized under the General Permit. Therefore, the permittee is required to submit a Remediation Plan to DEC by June 1, 2022 as a condition of this discharge authorization.

Tentative Determination:

DEC has tentatively determined to issue an authorization effective June 1, 2022 to Peter Pan Seafood Company LLC Valdez Plant to discharge under the general permit for the activity described above.
